Ways to Pray for

THE PREGNANCY CENTER

Every day, thousands of women consider choosing abortion.

In a culture where abortion is not only an option but considered the "right choice" for most unplanned pregnancies, many unborn children lose their lives.

Will you lift up these women and their partners in prayer?

Pray for the Women

- That God would help us reach abortion-vulnerable and abortion-minded women.
- That women who come to us would be open to hearing the good news of the gospel of Jesus Christ and put their trust in Him.
- That God would reveal the truth about her baby and give her hope so she does not see abortion as her only option.
- That more women would choose adoption instead of abortion.
- That post-abortive women would find healing and have the strength to share their story.

Pray for the Center

- That our client advocates would be led by the Holy Spirit as they speak the truth in love to our clients.
- That God would continue to provide client advocates for our centers.
- That our staff and advocates would be confident in God's work through them.
- That God would protect our staff and advocates from spiritual attack.

Pray for the Nation

- That Roe v. Wade will be overturned.
- That abortion providers will turn from their evil work and repent.
- That God will show the nation the truth about abortion clinics and the abortion industry.

Pray for the Church

- To be a pillar of truth and take a firm stand on abortion.
- To come alongside us to minister to the women in their congregations and in our communities.
- To model the unconditional love of Christ to post-abortive women and to those facing unplanned pregnancies.
